

Objectif : dénombrer une quantité en utilisant la suite orale des nombres connus

But du jeu : remplir sa liste de courses le premier

Déroulement : chaque élève (6 au maximum) dispose d'une liste, lance les dés à tour de rôle (objets et constellations) prend le nombre d'objets indiqués par les dés, les pose sur sa liste. S'il en a trop par rapport à sa liste, les repose dans la boîte.

Remarque : on peut transformer les règles et imaginer un jeu du marchand : chaque joueur se présente à un marchand qui doit donner le nombre d'objets demandé par l'acheteur.
